

## A SUPER SUPERMARKET

Since the 1960s, CORRADO'S has been the place to go for the freshest produce, Italian specialty products and ethnic foods. The original store opened in Paterson and moved to Clifton, where it continues to thrive. Now, this family business will be expanding to a new location in April in the Point View Plaza.

The Corrado team includes founder Jimmy Corrado's three sons, as well as seven grandsons. Grandson Paul says the arrangement works well, as the cousins are as close as brothers. "We all grew up in Wayne, so when the opportunity came up at Point View, we jumped on it." Asked whether the fourth generation seems interested in pursuing the family business, Paul replied, "My son was born a few weeks ago, so I'm going to give him three more weeks before I put him to work!"
